How to Close More Deals, Faster with Intelligent Quote-to-Cash

salesforce · HubSpot · Dynamics 365 · sugarcrm · ZOHO

Automate Sales Quotes & Approvals

- Accelerated quote-to-close times
- More accurate quotes + auto-correcting product & pricing rules
- Multi-channel sales support
- Customizable proposal templates
- Seamless integration with popular CRMs, approval workflows and eSignature support

> **Mobileforce CPQ has allowed us to streamline our quoting process directly from our CRM. Adding and setting up new products now requires much less work. Having approval workflows allows our sales team to be completely adaptable to customer requests, while maintaining all needed controls.**
